ACPCON 2020
Preparedness for the new normal
Brings you the 1st ever virtual 3D conference in the history of Medical Conferences in India

Public Awareness of Preventive Health Program

9th August 2020
DELEGATE PROSPECTUS
FIRST ANNOUNCEMENT
Invitation to Delegates
www.acpindiacapitreconference.org
My dear brothers & sisters

Greetings

We salute all the COVID-19 warriors and stand united against the on-going distress caused by novel coronavirus (COVID-19). The need of the hour is to evolve in ways of fighting this battle. During these testing times, it is also important to continue learning and networking with peers.

We are reinventing the ACP India chapter conference and hosting it virtually on immersive 3D platform. While many educational events got cancelled due to COVID19, we wanted to lead by example with a cutting-edge alternative to keep the action going. The ACPCON 2020 virtual 3D conference & exhibition will continue to present the latest outcomes related to clinical physicians, lectures delivered by world-class speakers, researchers, and clinicians to enhance our learnings.

With the thought of Public Awareness of Preventive health programme, the conference is themed as "Preparedness for the new normal" With a fantastic line up of international and regional speakers, we are encouraging our colleagues to get signed up and join us for this unmissable virtual conference.

The live online conference will have the same feeling as the in-person version and will be CME accredited. There will be a parallel hall to cater to the zeal of relishing the scientific feast, there will be an array of 15 international speakers and 25 national speakers along with other eminent faculties, virtual poster session will be a great experience for all. As we have evolved, the committee is trying to do novel things to enhance your experience. Moreover, we will have virtual 3D exhibition for our esteemed delegates, an immersive way to connect with the industry and interact.

I encourage you all to become part of this meeting and reach the aim of successful learning and networking. Register today! See you virtually!
